The Commission further finds, therefore, that approval of the consolidation of the two existing districts is appropriate.

NOW, THEREFORE, IT IS RESOLVED, DETERMINED AND ORDERED as follows:

The foregoing recitals are true and correct.

1. The territory comprises approximately 29,448 acres in the McArthur Fire Protection District (including 18,523 acres in Lassen County) and 25,057 acres in the Fall River Mills Fire Protection District, totaling 54,505 acres more or less and is inhabited.
2. The change of organization is assigned the following distinctive short-term designation:
Fall River Mills and McArthur Fire Protection Districts Consolidation.
3. The Commission has reviewed and considered the information contained in the Notice of Exemption prepared for this change of organization and makes a specific determination that this environmental determination adequately addresses this change of organization. The Commission hereby affirms and incorporates by reference the decision as part of the findings for this resolution.

4. The Commission adopts and affirms the Notice of Exemption prepared by Shasta LAFCO and directs the Executive Officer to file a Notice of Exemption as provided under the California Environmental Quality Act. Applicant shall be responsible for payment of any documentary handling fees required by the Shasta County Clerk or filing office.
5. The proposed Fall River Valley Fire Protection District is consistent with the existing District boundaries, and excludes the proposed annexation.
6. The proposed annexation of 23,479 acres (including territory in Lassen and Modoc Counties totaling less than 400 acres, or 2%) and detachment from CSA #1 for all Shasta County territory, would not receive any of the Shasta County portion of property tax revenue, per Board of Supervisors Resolution 20-078, approved July 28 2020.
7. The proposed annexation is continued, so that the consolidated district can address the lack of property based revenues from the annexed territory that would create inconsistencies compared to property tax revenue received from properties in the consolidated district and limit the Districts ability to extend services.
8. The Commission adopts the determinations regarding consistency with LAFCO policies contained in the staff report for this project and incorporates them by reference herein.

11. LAFCO is the conducting authority for this consolidation.
